All sorts of different things go into putting together MIT’s oldest and largest newspaper. You’re welcome to come over and see how it all works — and we’d love to teach you to help. The Tech has openings in our news, sports, arts, opinion, production, photography, and business departments. Drop by our offices on the fourth floor of the Student Center any Sunday, Monday, Wednesday, or Thursday night starting NOW or call us at 253-1541.
