The last year's squad will be returning. Among them are multi-event competitors Andy Ugrov '95 in the jumps, Robinson in the pole vault and hurdles, and Ethan Crain '95 in the middle distance and distance events. The team has many other stars to lead a hand, and hopes that the need for depth in the throwing and horizontal jump events will be filled by incoming freshmen.

Similar to the indoor track team, outdoor track's goals are to go through the season undefeated and win the New England Division III Championships.

Women's Outdoor Track

Men's Swimming

Captains: Matt Beaussembl '92, Saul Nucetelli G, Tim Salter '96

The swimming team had a successful season last year, with four men and one woman named All-Americans. Tina Grosskopf '92 was the only female All-American swimmer because of her performance in the 100-yard breaststroke. The men, James Randy '93, Chad Gumblagasson '93, Britan Meade '93, and Robert Rockwell '93, were selected because of their excellent performance in the 800- yard and 400-yard relays. The four posted an outstanding minutes, 54-16 seconds in the 800, giving them fourth place in the NCAA Division III championships. In the 400, the team's best time was 3:09.32. The team posted a slightly lower time at the nationals. Meade says the team anticipates last year's performance and is hoping to do even better this year.

"We were definitely gunning for it, we wanted to go to nationals last year, but we hope to be somewhere in the top three in the 800 this year," Meade said. Meade also said the team wanted to win the New England Division III championships this year. So far, the team is on track.

The swimmers' most notable achievement this season was the 136-101 shellacking of rival Tufts University — a team the Engineers had never beaten before.
