Individual initiative has always played a major role in Schlumberger's growth and technological leadership. Today, Schlumberger employs 91,500 people in 75 countries with annual revenues in excess of $6 billion. Schlumberger is comprised of two main business groups: oilfield services, which offers a complete range of energy exploration and recovery services; and Measurement and Systems which produces everything from utility meters to CAD/CAM systems.

The Schlumberger Company encourages individual initiative. If you'd rather lead than follow, and enjoy the recognition that goes along with taking responsibility for the work you direct, contact us now. We'll give you the support, training and opportunity you need to meet the challenge.
