SUMMER 1994 RESEARCH EXPERIENCE FOR UNDERGRADUATES
MIT HAYSTACK OBSERVATORY

Undergraduate science, mathematics, and engineering students are invited to apply for summer research positions at the MIT Haystack Observatory in Westford, MA. Research projects include studies of radio emissions from stars, investigations of the structure of the earth's upper atmosphere, and hardware and software development for data acquisition, processing, and recording systems. The positions are nominally three months in duration (June-August) and carry a stipend of $1300-1500/month depending on academic level and experience. Women, minorities and students with disabilities are encouraged to apply. For further information and application form write to:

Director /REU Program
Haystack Observatory
Route 40
Westford, MA 01886-1299

Tel: (508) 692-4762
Fax: (617) 981-0590

Application deadline is February 7, 1994.
