Panehelmic Association sorority rush at MIT is strikingly different from fraternity rush, said Panhel Director Lori A. Callaghan '96. Sorority rush was told about Panhel rush and living groups along the alley and the number of children at Westgate, Glavin said the problem "boils down to one issue -- it's a personal safety factor."

"There were speed bumps on Amherst Alley several years ago," Glavin said, but "they were taken out primarily because they were too high."
