When You're Considering a Career in Information Technology, Consider One More Thing.

Consider the investment banking firm with opportunities in information technology. Where individuals with this interest work in a department central to the growth and success of nearly every facet of the firm's global business. Where the skills to develop and maintain state-of-the-art global computer and telecommunications systems are provided through a series of technical and industry-oriented training sessions. Where the talent of each individual is an integral part of the team effort. And consider the firm where those individuals who choose to accept the challenges set before them are given the opportunity to excel both professionally and personally.

In short, consider the Information Technology Department at Goldman Sachs.

INFORMATION SESSION ON
WEDNESDAY, OCTOBER 5, 1994
AT 7:00 P.M.
BOSTON MARRIOTT CAMBRIDGE, SALON FOUR

Reception to follow.
Please dress casually.

Students majoring in telecommunications, computer science, MIS, math or engineering, or who have taken computer-related courses and have a strong knowledge of "C" language. PC/workstations and LAN are welcome.

Goldman Sachs is an equal employment opportunity employer and does not discriminate in employment on any basis that is prohibited by federal, state or local law.

Bus Route Connects Huntington, Kendall

Avenue by the HU Bridge, Amesbury and Vassar ST near Tangeman Hall, the corner of Vassar Street and Massachusetts Avenue. At Kendall Station, the CT2 bus is a continuation of the CT2 route, providing service from Beth Israel to Andrew Station.

The MTA Crosstown Transit Feasibility Study predicts that the three new routes will carry more than 7,500 riders each day, according to Tech Talk ("New T moves link MIT, DCH, Longwood, Huntington Dorm."). Sept. 21). The bus fare is $0.60 per person.
