Stands for Progress

We were not in the business when Columbus discovered America, but we know how to please our patrons.

Get out of the old rut and trade where your patronage is appreciated and incidentally help us to "Keep Busy."

We don't want all the business in Boston, but want as much as we can get.

Yours truly,

E. G. BOSSOM.

The meals served at this model establishment produce perfect brain, bone, and muscle, because they are scientifically prepared from foods having the greatest possible amount of nourishment. Nuts and grains are combined so as to supply perfect meat substitutes; thus doing away with any necessity for flesh food. Gems and cakes made without soda or baking powder, salads and chili sauce free from vinegar or irritating condiments, refreshing beverages without theo-bromine, theine, or caffeine, are a few of the health-producing preparations found on our tables.
