The Choice of Course Lectures which are being held during the present week no Freshman can afford to miss. Their importance to a man undecided as to his course is self-evident, but even to those who have already decided definitely they are of great advantage in helping him to a fuller understanding of his work and its relation to allied professions.

Dr. and Mrs. Pritchett will be at home at the Tech Union on Christmas Eve, December 24, to all students who will not be in their own homes.

NOTICES.

There will be an Exeter Club Smoker tomorrow at 6 o'clock, at the Tech Union. It is hoped that all Exeter men will be present, as matters of importance will be talked over.

All third-year students are requested to obtain a set of the addresses on Tariff delivered in the U. S. Senate, which may be obtained free in Rogers Corridor, near door of Cage.

detail as thoroughly as possible, keeping a definite object in view, and he showed that the field of electricity presented a wide range of opportunity to the man whose natural adaptabilities lie in that direction.

The next of this series of lectures will be given in Huntington Hall at four o'clock this afternoon, when Professor Lanza will address the Freshmen on the Course in Mechanical Engineering, and Professor Talbot will speak on the courses in Chemistry and Chemical Engineering. Other lectures will be given on Friday, January 6, and Friday, January 13, at 4 P.M.

The Faculty of Comfort

Is only one of the good qualities with which President Suspenders are especially endowed. Other features are good wear, good looks and gentleness to buttons, all of which are due to the patent adjustable back that moves when you do—gives freedom and ease.

PRESIDENT Suspenders

for these reasons, are ideal athletic, class-room and dress suspenders.

Guaranteed satisfaction or money back. Price 60c and \$1.00, every store everywhere or mailed postpaid.
