Tech House.

One of the most unostentatious
branches of student activity at the
Institute, and one which is at the
same time one of the most praise-
worthy in its character is the or-
ganization known as Tech House.
This is situated in one of the poorer
parts of the city in the heart of a
tenement district, and here about a
dozen students of the Institute live
for the purpose of becoming better
acquainted with this phase of life
and at the same time of benefiting
some one else.Tech House is doing a much
needed work in this direction and it
would be a benefit to the commu-
nity if the idea could be extended.
A student can derive great benefit
from such an experience, for by
this means a man is shown dif-
ferent industrial conditions, which
in view of the present relations of
capital and labor, may be of great
value to him.**Theatre Attractions**CASTLE SQ.—"Held by the Enemy."
