Boston is like a wheel. The spokes all lead to the hub, and nearly every street brings you to the congested centre which is so near our store. Washington and Tremont Street here draw close together, and the population thickens to the square yard. If you are in the State House, Parker's, Tremont Temple, Court House, Young's, Kings Chapel, City Hall, Tremont Bldg., Park St. Church, Subway, Tunnel, Park, Beacon, Court or School Streets,

or on your way to either the NORTH or SOUTH UNION STATION, you are very near to the most complete stock of Drugs and Pharmaceutical Supplies in Boston. A drug store for over half a century. The best place in the city to have Prescriptions accurately prepared from fresh, pure drugs of standard quality.

COLLEGE NOTES.

Pennsylvania's new gymnasium is to be so arranged that a small gymnasium class may not take up the whole of the large floor space. Two nets will be suspended from the ceiling which will divide the room into three equal parts. By letting these nets down, it will be possible for a basket ball game, baseball practice and gymnasium work to go on at the same time without interfering with each other.

The contract for the construction of the Carnegie Lake at Princeton has been registered. The lake will be three and three-quarters miles long, its width varying from four hundred to a thousand feet.

The University of Syracuse is to have a laboratory of natural science costing about \$200,000, which will be erected from the bequest of the late John Lyman.

Sixty-two students have been suspended from Leland Stanford on account of poor work and seventy-eight others warned that the quality of their work must be improved if they wished to sustain their relationship with the University.

Seventy-five men have reported for the Illinois track team and the prospects are good for a successful team, especially as Kline, last year's crack hurdler, has returned to college.

Jiu-jitsu, the Japanese system of self-defense, has been taken up quite extensively in the University of Pennsylvania and a course in this sport has been made compulsory at Annapolis.

Forty-one men reported in response to the call for baseball candidates at Stanford University.
