THE TECH wishes to call the attention of Seniors and Juniors to the unusual opportunity offered them just now for becoming To Juniors members of the Tech-and Seniors. nology Club. The undergraduate list, limited to sixty, is not filled as yet, although the initiation fee of ten dollars is no longer required. By joining as an undergraduate the initiation fee is entirely avoided. The yearly fee is merely nominal.

The advantages of membership are many. The clubhouse furnishes a convenient place for entertaining friends or visitors. The monthly smokers are very attractive. The opportunity of meeting and becoming acquainted with Technology's graduates and faculty cannot be overestimated.

Any member of the Club will gladly furnish information to prospective members, and we feel sure that Dean Burton would like to speak on this matter to any one who is interested.

The Newton High School Club will hold its annual dinner at Tech Union, on Friday evening, March 3, at 6 o'clock.

On next Sunday afternoon at 5 o'clock, a Special Vesper Service will be held in the First Church, corner of Berkeley and Marlborough Streets. The service will be largely musical, with a brief address, and is designed in all its features to be of special interest to students. The church is open to every one and all seats are free. The members of the Institute are particularly and very cordially invited to attend, and to bring their friends.

Y. M. C. A. Notice.

The following men from the Association will meet Professors Burton and Porter and Mr. J. E. Smiley, to discuss plans for obtaining a graduate secretary, at 4.15 P.M., in 20 Eng. B, on Thursday: S. A. Greeley, R. N. Whitecomb, J. T. Lawton, M. T. Lightner, W. H. Trask, D. G. Robbins and A. A. Longley.

Juniors who want class pictures may get tickets from Stanley or Blodgett.
