

LANDERS' Lunch and Coffee House

SPECIAL ROOM FOR LADIES

25 Years' Experience

20 Huntington Avenue, near Copley Sq.
BACK BAY, BOSTON

A new, finely-appointed room for ladies fitted up with very latest improvements, with our usual first-class service. New room is in rear.

We take pleasure in catering to our Tech patrons, and hope for a continuance of their trade.

RAIN COATS

We have a Special line of cloths made Rain Proof for us, that will not be found in any other Tailoring Establishment.

The Process used is the very best, and it cannot be told from any other unproofed cloth. It leaves the cloth soft and pliable and is suitable to wear on bright days, as well as Rainy ones. A garment that is absolutely necessary for every one to have

MACULLAR PARKER COMPANY

There is something about our clothing which gives it a decided and attractive individuality—perhaps the combination of style, fit, shaping, patterns—all these count in the appearance of a garment. Our new Fall lines are now on our counters and this is a good time to purchase while the stock is fresh and all sizes represented. We call special attention to the handsome patterns in suits for young men.

NEW LECTURE COURSE IN NAVAL ARCHITECTURE

The Department of Naval Architecture has planned and started a long lecture course on subjects concerned with marine construction. In their particular lines of marine engineering the lecturers are all well grounded and the subjects are both interesting and varied. The fundamental principles of Naval Architecture will be talked upon and some of the lectures will deal with methods of ship designing, the construction of floating and graving docks, and the surveying of ships for repairs.

In general the lectures will occur in Engineering C, and several will be illustrated by lantern slides.

Two lectures, besides those in the following list, will be given. Arrangements for them have not been definitely made.

Dec. 22, "Designing Ships," Mr. James Swan, connected with N. Y. Ship-building Co.

Jan. 5, "Wooden Ship-building," Mr. Keough, Consulting Engineer.

Feb. 7, "Lake Steamers," Mr. Babcock, Chicago Ship-building Co.

Feb. 23, "Surveying Ships for Repairs," Mr. Murphy, Lloyd Surveyor.

Apr. 6, "Floating Docks," Lieut. Cunningham, U. S. A.

Apr. 27, "Erecting Engines," Mr. W. S. Newell, Bath Iron Works.

May 4, "Torpedo Boats," Mr. Wetherby, Bath Iron Works.

COLLEGE NOTES.

A national school of architecture is to be founded in New York City by the architects of the Society of Beaux Arts.

Owing to dissatisfaction on the part of the New York State law examining boards with Harvard Law School certificates, a measure has there been enacted by which attendance hereafter will be compulsory instead of optional.

The University of Michigan football season just passed netted a profit of \$25,000 to the Athletic Association.

The Chief of the constabulary of the Philippine Service is to visit Yale soon with the idea of enlisting young men in that service.
