Friday, February 9, 1906.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

In answer to many questions as to the difference between the titles professor and doctor, THE TECH wishes to say that a professor is one who professes to be that which he is not, while a doctor is one who doesn't need to.

The B. A. A. Meet at Mechanics' Hall tomorrow night should commend itself to all those interested in indoor track athletics. B. A. A. Over fifteen men will represent Technology, principally in the distance runs and dashes. The old system of entering has been changed so that those who have entered are obliged to compete. More training has been done than ever before and Technology should make a very good showing. The relay team will run Bowdoin, each man running 390 yards and, judging from the work that has been done, the chances of a victory this year are very good.

Few of the undergraduate activities occupy the place in our college life that the Tech Show does. Its influence in bringing the students together in a Tech Show. social way has been recognized more and more as the years have passed. The making of new acquaintances, the renewal of old ones, and the good times at the rehearsals are sure to make college life more pleasant. One cannot fail to notice that students who try for the Show during their Freshman year are sure to return in succeeding years. It will be found that the average student is capable of doing justice to his work while devoting a little time in the afternoons each week to the Show.

This year's Show will be more representative of college life than those of former years, and Freshmen, Sophomores, Juniors and Seniors, upon you depends its success!

MEN WANTED FOR THE BUSINESS STAFF OF THE TECH.

All men desiring to compete for the Business Staff of The Tech should see the Business Manager, Mr. J. C. Brooks, at once. The competition will begin next week and every man who shows his business ability is sure of recognition.

CONVOCATION.

A convocation will be held in Huntington Hall Tuesday, Feb. 13, at 2 P.M. sharp, to meet Dr. George A. Gordon, of the New Old South Church. Dr. Gordon is among the great preachers who have made Boston notable, and with his increasing years is growing more prominent and powerful in the pulpit. Exercises due at 2 will be postponed until 2.30. The President asks a full attendance.

NEW YORK ALUMNI MEET.

The members of the Technology Club, composed of alumni of the Institute who are residents of New York, held their 11th Annual Dinner at the Arts' Club in New York City last Saturday, with Alexander McKim, '86, president of the club, in the chair. The speakers were Walter S. Logan and W. M. Ivins. Mr. Logan spoke on "The Party in Municipal Government."
