COLLEGE NOTES.

Another and strenuous effort is to be made to popularize boating at Yale, and make it more in the nature of a recreative sport. There is to be a separate coach for scrub crews. Yale organizations of every kind are to be urged to form such crews, the number of regatta events is to be increased, and the resources of the Yale boathouse placed, more fully than heretofore, at the disposal of "scrub" oarsmen.

When Mme. Sarah Bernhardt returns to France she will express her appreciation of courtesies extended to her by students of American colleges by obtaining for them several scholarships in French schools. The exact form of the endowment has not been announced, but one of Mme. Bernhardt's representatives

said the fund would be substantial. It is likely that permanent scholarships will be established in one or two of the highest institutions of learning in Paris. It is also probable that several scholarships of the Dramatic school to be instituted in connection with the theatre by Mme. Bernhardt in Paris will be placed at the disposal of American men and women.

The chemistry department of Harvard has recently installed one of the latest types of liquid air machines.

C. D. Johnson has resigned the captaincy of the Cornell track team and entered the medical school of the University of Buffalo. He has twice been winner of the mile at intercollegiate meets and was counted on as a sure winner in this spring's meet.
