W. D. PARKER TALKS TO ARCHITECTS

Winthrop D. Parker, '95, member of the firm of Parker and Thomas, Architects, addressed the Architectural Society Friday evening at the Union on "The Architectural Aspect of the Jamestown Exposition," explaining the various problems which his firm had met in constructing the buildings and in planning the layout of the grounds.

While refreshments were being served Mr. Parker told many stories of the happenings in the Architectural Department when he was a student. The rest of the evening was enlivened by many "stunts" by the various members of the Society, Andrew Rebori being a shining star.

Messrs. Herbert L. Sherman and Robert S. Edwards, both of the class of 1902, have formed a part-

nership under the firm name of Sherman & Edwards, Chemists and Chemical Engineers, 12 Pearl St., Boston, Mass. They will make a specialty of investigating cement and lime properties and designing and improving plants manufacturing these materials.

Wisconsin University plans to have five hundred candidates out for her track team this spring. President Van Hise and the members of the faculty have formed a plan to give scholastic credit for training in track work and the intention is to get every man out for track work.

The unexpected defeat Wisconsin administered to Chicago in basketball has caused the fans to revise their schedules of possibilities in the intercollegiate championship. In spite of this defeat, however, Chicago is still in the lead.
