KENNEY & CLARK**PUMPING AND HOISTING MACHINERY.**Mr. T. W. Sprague delivered
the third lecture in his course on
"Electricity in Mining" in 2
Rogers, at 4 o'clock Wednesday
afternoon. He dealt chiefly with
the use of electricity in pumping
and hoisting machinery.His opening remarks referred to
the proper stringing of wires, and
the choice of high or low voltage,
taking into account economy and
safety. The latter part of the
lecture was illustrated with lantern
slides showing different forms of
electric-driven pumps and a great
many different makes of electric
hoists. Mr. Sprague wished to
show that the use of these hoists,
was not "in its infancy" as somepeople maintain. One very inter-
esting slide was a photograph of a
truck, fitted up to draw coke from
the ovens and load it into cars
by means of electric power. The
last lecture of this course will
occur next Monday.Harvard and the Naval Academy
will meet in a foot-ball game next
season for the first time in the his-
tory of the institutions. The game
will be played on October 10 at
Annapolis.**TECH SENIORS WANTED.**M. I. T. Seniors wanted for good
position in business, teaching and
technical work. See Hapgood's
men at the Parker House today.
