COPLEY HALL.

(Continued from page 1.)

As it was impossible to get the committees together last week, the resolutions will not be printed until the latter part of this week.

It is understood that there is a possibility of securing Copley Hall and Allston Hall, with some of the surrounding rooms for use next term. It is thought that the lease held by the Copley Society can be bought off and these rooms turned over to lunch room and students' uses.

This step would be indeed a good one as the mechanical engineering authorities are anxious to secure the room now occupied by the Technology lunch room in Pierce in which to place the big turbine engine.

If the lunch room were started in the big hall there would also be a better opportunity for those in charge to find out just what was wanted in the way of food and arrangements on the part of the students.

Y. M. C. A. PASSES RESOLUTIONS.

Whereas: A movement has been started by the Board of Editors of The Tech and the Institute Committee to have Copley Hall, owned by the Massachusetts Institute of Technology, used as a temporary Walker Memorial and Union until a permanent Memorial is erected; and

Whereas: The Technology Young Men's Christian Association has felt the need of more suitable quarters for enlarging the social life and good fellowship at the Institute; and

Whereas: The Technology Y. M. C. A. needs such daily facilities as the use of this building would afford for carrying on its work in the Institute; be it

Resolved: That the Technology Y. M. C. A. place itself on record as being heartily in sympathy with this movement; and be it

Resolved: That the Technology Y. M. C. A. express its desire to cooperate with the other student organizations to further this movement.
