"TECH BOWLING HEADQUARTERS"

TRINITY COURT BOWLING ALLEYS

Established 1898

175 Dartmouth Street

Opp. Pierce Bldg.

Two minutes walk from all Tech Buildings. Unexcelled facilities for ladies and the most
fastidious bowler to enjoy this fascinating and healthy pastime. Alleys reserved and
screened for private parties. Come in and enjoy a little fun and exercise between periods.

TECH FIELD PRAISED.

(Continued from page 1.)

tion. This committee is made up of H. W. Cowee, Dartmouth; W. H. Hoch, Wil-
to conditions at Worcester, with many
lams, and T. E. Taylor, Brown.

The dates of the meet were decided
on as May 22 and 23, one week before
the annual meet of the I. C. A. A. A.

The other important business taken
up was the amendment offered by Dart-
mouth, providing for an alumni advis-
ory council of three.

The amendment as passed read:
"Resolved, That a committee of three
from the alumni of the colleges repre-
sented in the New England Intercollegi-
ate Athletic Association, be appointed
by the president; one to serve one year,
another two years and a third three
years; the committee to be continued
by appointment by the president of a
member each year who shall serve for
three years.

"This committee shall consist of
three representatives from three differ-
ent colleges in the association, these
chosen by the president from a number
of alumni appointed by each college.
These men shall have no official connec-
tion with the athletic organizations of
their college.

"This committee shall meet and advise
the executive committee in all its mat-
ters of business."

In the roll call to ascertain whether
each college had held an athletic meet
during the past year, it was found that
every one present had.

The following were elected officers,
president H. W. Cowee, Dartmouth; vice-
president, D. D. McKay, Amherst; sec-
retary, W. H. Hoch, Williams; treasur-
er, D. C. McMurtrie, Technology.

Of the executive committee appointed
there were the following: L. L. Larra-
bee, Brown; E. W. Morton, Maine; C.
A. Robinson, Tufts; and R. O. Brewster,
Bowdoin. There will be some additions
and changes in this committee at the
next meeting, when the place for the
meet will also be decided upon.

Those representing the colleges were:
Dartmouth, H. W. Cowee, T. W. Worth-
on; Wesleyan, O. S. Chase; Williams,
Wm. H. Hoch; Tufts, D. B. Stevens;
Technology, J. T. Tobin, treasurer; D.
C. McMurtrie, T. W. Orr; Bowdoin, H.
O. Brewster; Maine, G. E. Torrey, E.
W. Morton; Vermont, D. H. Ferrin;
Brown, T. E. Taylor; Amherst, D. B.
Abbott; Trinity had no representative.

SCREW CUTTING.

The production of screws within nar-
row limits of error is one of the most
difficult problems in machine shop prac-
tice, and the production of a perfect
screw has been practically unattainable
commercially because the cost of manu-
facture increases in a very rapid ratio
as the limits of error diminishes. Heret-
ofore the best results have been attained
on an engine lathe with the assistance
of a skilled mechanic, and the cost of
the product was in proportion to the
quality of the work produced, and yet
precision screws are rarely obtained,
and exact duplication by this method is
impossible.

The time having arrived for something
better than "good enough" in this line, a
process has been invented whereby the
lead of any pitch screw can be exactly
duplicated and reproduced as many times
as desired, and attention is called to an
advertisement in this issue in connec-
tion with this new and desirable under-
taking with a view to interesting some
of the prospective graduates.

HOCKEY TEAM WINS.

(Continued from page 1.)

ton's territory during the greater part
of the game.

Friday afternoon the team was invited
by Mr. William F. Bass of the Crescent
Athletic Club of Brooklyn to the club-
house where they were given the use of
the house. Mr. Bass also gave the men
a dinner in the evening, before their sec-
ond game with Princeton.

Princeton won the second game as the
Tech men were much handicapped by
playing for the first time under artifi-
cial light. Princeton played a clean
game, their victory being partly due to
the clever work of their goal, Peacock.
In both halves the puck was in Prince-
ton's territory most of the time.

The game at West Point was played
in a biting wind that handicapped both
teams. Team work was poor with Tech
having a slight advantage, the final
score being 2 to 1. The courteous treat-
ment which the Cadets accorded their
opponent was highly appreciated by the
Tech men.

Tech's representatives on this trip
were Capt. Ford, Manager Kelley,
Paine, O'Hearn, Gould, Taylor, Davis,
and Billings.

The Technology Review

A QUARTERLY MAGAZINE
DEVOTED TO THE INTERESTS OF
THE MASSACHUSETTS INSTITUTE
OF TECHNOLOGY

AND
PUBLISHED BY THE ASSOCIATION
OF CLASS SECRETARIES

83 NEWBURY STREET, BOSTON

The Review aims to develop closer relations
among Institute men and to stimulate their in-
terest in the work of the College. It is in no
sense an engineering magazine, but deals
broadly with the problems of Technological
Education and the responsibilities of the pro-
fessional man.

THE REVIEW is published during Janu-
ary, April, July, and October. Communi-
cations should be addressed to The TECH-
NOLOGY REVIEW, 83 Newbury St., Boston.

SUBSCRIPTION, ONE DOLLAR A YEAR
SINGLE COPIES, THIRTY-FIVE CENTS

Volumes I., III., IV., and V., finely bound in
half morocco, are ready for delivery at \$2.00
each, or will be exchanged for unbound sets,
provided they are in good condition, at \$1.00
each. (If sent by mail, 30 cents extra.) Vols.
VI. and VII. at \$2.25 each, or they will be ex-
changed for unbound sets at \$1.25 each.
