LOVE AND MATCHMAKING.

(Continued from page 1.)

ture Bob's hand. Finnie, as Haddon the cab driver has but a small part, but he carries it out well and introduces a little comedy which is quite diverting. Catching, as the negro has also a humorous part.

In the second act Bob has returned from his trip, and has fallen in love with Margery, still under the apparent disfavor of her father. He has made arrangements to elope with her over the wall between their houses, but decides to obey her father, much to the disgust of that venerable deceiver. Finally her father's words about Bob and Helen Sealyle decide her to elope after all, and they are caught in the act and forgiven. Dick and Stella are then ready to marry. Of course, Helen finds a man, and the Irish and Italian servants pair off like so many robins.

MADE NAVAL CONSTRUCTORS.

Six Ensigns at Institute Advanced. Given Rank of Lieutenant.

Six ensigns in the navy, who have been studying at the Institute for the past two years, were given official appointments Wednesday, making them assistant naval constructors and giving them the rank of lieutenant, junior grade. They are Edwin O. Fitch Jr., a Boston man; Robert B. Hilliard of New York, John C. Sweeney Jr. of Tennessee, J. O. Gawne of New York, Lee S. Border of Iowa and A. B. Court of Texas. All are of the naval academy classes of 1904 and 1905.

Lieuts. Fitch and Hilliard graduated in the class of 1904, after having passed the regular course of four years. On their graduation they were sent to sea and assigned to the Asiatic station, where they remained for two years, when they were advanced to the grade of ensign.

MINERS HEAR FROM GRAD.

W. Spencer Hutchinson M. I. T. 1892 gave an interesting talk on "Mining in Ontario" before the Mining Engineering Society dinner at the Union on Tuesday evening.

ROARING FUN PREPARED.

or courage to compete with them in an exhibition of this kind.

Mr. Towne has made arrangements for a pair of blind-folded boxers, and perhaps two. He also promises that some stunts will be given the gym team, those of a funny variety rather than anything of serious difficulty. The fellows were at first chary of competing with the professional gymnasts of the show, but will have no need to fear of comparison in these special stunts.

TECHNIQUE MAY BE SEEN.

Technique 1909 has placed two copies of Technique 1908 on the tables of the General Library. These copies have been turned over to the Institute Library authorities and are not to be taken from the room. They will be placed with the regular library books on the desk, for general use.

The 1909 board of publication hopes by thus giving an opportunity for all to see last year's book, to give all a proper idea of what Technique really is.

THE MASSACHUSETTS INSTITUTE
OF TECHNOLOGY

AND
PUBLISHED BY THE ASSOCIATION
OF CLASS SECRETARIES

83 NEWBURY STREET, BOSTON

The Review aims to develop closer relations among Institute men and to stimulate their interest in the work of the College. It is in no sense an engineering magazine, but deals broadly with the problems of Technological Education and the responsibilities of the professional man.

THE REVIEW is published during January, April, July, and October. Communications should be addressed to The TECHNOLOGY REVIEW, 83 Newbury St., Boston.
