A FRIENDLY SPIRIT

Few men at the Institute, especially men from other schools, miss the friendly spirit of comradeship that is particularly noticeable in the smaller American colleges. They miss the "hello" or nod from fellow students that is fast falling into disuse here: even the Technology Button is disappearing. The larger institutions, and particularly the city colleges, have often been contrasted with the smaller schools in this respect.

With Technology growing so fast it will not be long before it will be classed with the largest institutions of the country. Do we necessarily have to look forward to a time when Institute men will have to be formally introduced before they recognize a classmate? We think not. The attitude that the present classes take is sure to be handed down to incoming ones. During the war, freshman classes have not received the traditional welcome, help, and advice from the old men.

The treatment that the new men receive this fall from the hands of the present classes will stamp the first impression of the spirit of the school, and help determine the treatment that they will give to future newcomers.

Let us all work together to make the spirit at Technology as friendly as possible. We hope that every man will expect to receive a greeting from classmates, and will give a nod or hello to fellow "Tech Men".

This year marks the end of the combination of Technology and Harvard in Engineering. With the close of the term the Institute lost a worthy group of professors who will return to resume their duties on the Engineering Faculty at Harvard. The loss will be felt. However, competition will do the Institute no harm. With years of tradition and reputation to our advantage, the Institute has little to fear. We hope, nevertheless, that the Institute will not lose this advantage by running the continual risk of losing many of its best men because the salaries of the Institute Faculty are inadequate.

THE PLACE OF THE AMATEUR

Professor Lewis L. Johnson, of Harvard, during his stay at the Institute brought to attention, particularly among the upper classes, the place of the amateur in human affairs and the difference between the professional and amateur spirits. He laid emphasis on amateurs being unhampered by many of the obligations, precedents and restraints that limit the freedom of activity of the professional. The amateur is not carrying on his activity for a livelihood, and he is often free to see things in a more impartial and broader perspective than the professional. Such men rendered valuable aid

Alumni Notes

SABIN '13—GORMAN

Miss Bertha Gorman and Milton Roe Sabin '13 of Oswego, N. Y., were married recently in St. Cecilia's Church, Boston, Rev. Dr. Fletcher officiating. Miss Gorman was given away by her uncle, Senator Murphy of Ottawa, who was here with his wife at the Copley Plaza.

Miss Gorman is a graduate of Emerson College, and is also a special student of the New England Conservatory of Music.

STUDLEY '97—FURBUSH

Mrs. Adella J. Furbush and Ira G. Studley '97, the latter of Rochester, N. H., business man, were married at Newton, Mass., last Saturday, in the Second Congregational Church, Rev. J. Edgar Park officiating. Only the members of the families attended. A wedding supper was served at the bride's home on Davis avenue after which the couple started on a honeymoon trip which will take them down the St. Lawrence River and through Ontario. Mr. and Mrs. Studley will be at home at 15 Eastern avenue, Rochester, upon their return.

Mrs. Studley is president of the Ladies' Auxiliary of the Metropolitan Driving Club. She is also a member of the Brightenstone Club.

Mr. Studley attended the School of Mechanic Arts at Technology with the Class of '97. He is now the treasurer of the Studley Box and Lumber Co. of Rochester, N. H.

SAWYER '15—HOWES

In the presence of a large gathering of the Summer colony of Cohasset, Mass., on Saturday, June 28, in the Pope Memorial Church, Miss Ruth Wolcott Howes and Howard Martin Sawyer '15 were married by the rector of St. Stephen's Episcopal Church, Rev. Howard K. Bartow. The bride is the daughter of Ernest Howes of Commonwealth avenue, Boston, whose summer home is on Jerusalem road, in North Cohasset. Miss Howes was educated at Rosemary Hall, Greenwich, Conn., finishing at a private school in Washington.

The groom is the son of Mr. and Mrs. Charles Howard Sawyer of 30 Wyman street, West Medford, Mass. He prepared at St. Paul's School, Concord, N. H., and was graduated from Princeton with the class of 1912. He then attended the Institute and was graduated with the Class of 1915 in Course V, chemistry. He was prominent in athletics while at Princeton, being a member of the varsity track, football and hockey teams, and in his senior year was captain of the track team. He was vice-president of his class and a member of the Senior Council in 1912.

Miss Howes was attended by her sister, Miss Helen Howes, as maid of honor, and her other attendants were Miss Martha Henley of Indianapolis, Ind.; Miss Winifred Sawyer of West Medford, sister of the bridegroom; Miss Jean Lawson of Egypt; also three young matrons, Mrs. Everett R. Cook of Evanston, Ill.; Mrs. Everett W. Pervere of Boston; Natalie Cumner of Brookline; and Mrs. Edson Andrews (Barbara Gale of Boston and Swampscott).

The best man and ushers were all college men. Alfred G. Kay of Pittsburg, Pa., Princeton '12 and a classmate of the bridegroom, served as best man, and the group of ushers was made up of Dedie S. Laughlin, also of Pittsburg; Don Morrison Kelley of New York; Barclay H. Farr, of Groton; Thomas Swann of Baltimore, Md., all of the Princeton class of '12; Louis F. Loutrel of South Orange, N. J., Yale '14; Everett W. Pervere of Boston, Harvard '19.

The bride's father and stepmother Mrs. Howes, formerly Miss Alice Maud Huguley, assisted in receiving the large number of guests at the reception.

to the country during the war, and it is men of this type who are needed to reconstruct.

We may well take Professor Johnson as an example of a Professional man with the true spirit of the amateur. As a Civil Engineer and a specialist in concrete structures, Professor Johnson is a professional, whereas at the same time as the President of the American Single Tax Association he is one of the most widely known amateur Economists in the country.

Professor Johnson's idea in bringing this matter before the men at the Institute was to bring out the fact that as students of Engineering it is our problem not only to acquire the professional spirit and training but also as future citizens of responsibility we must get a broad training and point of view that will enable us to take proper positions in the world as citizens as well as engineers.

At the Institute we find the Departments of English and Economics quite in accord with Professor Johnson. Both aim to prepare Institute men to face the world as ably as they face their science. Both aim to apply intelligence to other vitally important affairs in a Technoogy graduates' life than his routine work.

DR. SARAH A. B. FRASIER '91

Dr. Sarah A. Bond Frasier died last Saturday at her home, 53 Robinhood avenue, Jamaica Plain, Mass., after a long illness from pneumonia which she contracted while working for the War Department in Virginia.

The week before her death she was married to Frederick W. Frasier a retired business man. The ceremony was performed by Rev. Mr. Fairley at the sick bed of Mrs. Frasier.

Dr. Frasier who was Miss Sarah A. Bond was born in Boston Aug. 13 1853, the daughter of the late Thomas and Mary Bond. She attended Technology with the Class of '91, taking the course in Chemistry. Later, she was graduated from the Women's College at Philadelphia, receiving the M. D. degree. She was medical examiner at Radcliffe College, and was consulting physician at the New England Hospital.

CHARLES H. COWDERY

Charles H. Cowdery, a graduate of the Lowell course in designing, a designer well known in textile circles died recently from apoplexy in a New York hospital.

Mr. Cowdery is a native of Winchester but upon the completion of his course at the Institute, entered the employ of the Hamilton Print Works of Lowell. At the time when he became head designer, he resided in Boston. He moved, however, to Tompkinsville, Staten Is., at the time when the Hamilton Company and the Pacific Mills of Lawrence were consolidated. He has traveled extensively through the art centers abroad and was also a student of natural history. His wife was Miss Eva Small of Winchester, who is a well known portrait painter. She survives her husband, who also leaves a sister, Miss H. I. Cowdery of Greenfield, and a brother, W. R. Cowdery of Winchester.

ARTHUR C. FARLEY '72

Arthur Christopher Farley '72, senior partner of the dry goods jobbing house of Farley, Harvey & Co., 141 Essex St., Boston, died suddenly at his home in Auburndale, on Friday morning, June 27.

Mr. Farley was born in Boston on March 13 1851, the eldest son of the late Noah Farley and Permelia Hammond Thayer. He prepared at Chauncey Hall School for the Civil Engineering course at Technology, where he was a member of the Class of 1872. He began his business life as a clerk in the wholesale dry goods house of Farley, Amsden & Co., later Farley, Harvey & Company, of which firm he became a partner in 1880.

Mr. Farley married in Boston in 1882 Miss Helen Judd, daughter of the late Col. Charles Hastings Judd of Honolulu, Hawaii. He is survived by Mrs. Farley and four children, Mrs. William T. Massey of Winchester, Va.; Mrs. Stephen E. Wright of Auburndale; Lt. Charles Judd Farley, U. S. A., whose arrival in this country from France, where he has been for nearly three years, is expected, and Arthur Francis Farley, formerly a lieutenant of artillery in the United States army, and now a student at Yale; two brothers, William T. Farley of Weston and Fred W. Farley of Waltham; and one sister, Mrs. Henry Whitmore of West Newton, are also living.

Mr. Farley was long a prominent member and director of the former Boston Merchants' Association, he took an active part in the formation of the present Boston Chamber of Commerce and has served on many of its important committees. He had been a director of the Home Market Club and a member of a number of other business organizations.

As a member of the Brae-Burn Country Club, he had for many years made golf his principal recreation. He was also a member of the Boston City Twentieth Century, Economic and Appalachian Mountain Clubs and a Mason.
