

OFFERS GENERAL STUDIES

The Institute offers the following General Studies: E 51 Professor Rogers, in room 2-231; E 54, Professor Aydelotte, in room 2-232; E 58, Professor Robinson, in room 2-245; E 58, Mr. Copithorne, room 2-246; H 51, Professor Pearson, in room 2-274; L 7 and L 73 in room 2-290; L 32 and L 33 in room 2-132; Ec 47 in room 2-147; 761 in room 4-156; and 1230b in room 4-370.

HARVARD GETS NEW SEAPLANE

The Harvard University Aeronautical Society has announced it will start flights within a month, and will purchase a new seaplane. The former plane of the society was wrecked last summer in a flight from Marblehead to Lake George. Howard C. Knotts, an American ace, is acting president of the society.

TECHNOLOGY BRANCH

THE STORY OF THE TECHNOLOGY BRANCH

WE ARE GIVING BELOW A RE-PRINT OF AN ARTICLE BY MAJOR EDWIN T. COLE, WHO WAS THE FIRST TECH DIRECTOR ON THE BOARD OF DIRECTORS OF HARVARD CO-OPERATIVE SOCIETY. THE ARTICLE SHOWS HOW THE TECH BRANCH WAS CALLED INTO EXISTENCE AND THE ARTICLE IS NOW AN INTERESTING HISTORICAL SKETCH.

IT MIGHT BE WELL TO MENTION HERE THAT TECHNOLOGY'S REPRESENTATION IN THE MANAGEMENT OF THE BUSINESS HAS BEEN GREATLY INCREASED IN THE PAST FOUR YEARS. PROFESSOR DAVIS R. DEWEY IS NOW A STOCKHOLDER. THE FOLLOWING MEN FROM TECHNOLOGY HAVE BEEN NOMINATED AS DIRECTORS FOR THE COMING YEAR: M. WALTER HUMPHREYS, MR. H. S. FORD, PROFESSOR HENRY FAY, AND MR. M. G. TOWNEND FROM THE STUDENT BODY. MR. HUMPHREYS IS ALSO NOMINATED FOR THE OFFICE OF SECRETARY OF THE CORPORATION.

Here is Major Cole's letter as it appeared in THE TECH on April 3, 1916.

TECHNOLOGY BRANCH

HARVARD CO-OPERATIVE SOCIETY

Last year the Institute Committee, having gone into the subject of the Technology Co-operative Society, particularly with a view to establishing co-operative service at the new Technology, asked the Alumni Council to appoint a committee to investigate the matter and to make recommendations. This action was taken and the Committee after a very thorough investigation, nation-wide in its scope, suggested that the Harvard Co-operative Society, one of the most successful in the country, be invited to establish a branch as close to the new Technology as possible. This recommendation having been approved by the Institute Committee and accepted by the Harvard Co-operative Society, arrangements are now in progress for carrying out the plan.

One of the suggestions have been that a member of the Technology Faculty be elected to membership in the Board of Directors to represent the Institute in carrying out the plan, the undersigned on nomination of the President was duly elected and has secured this space in THE TECH for telling you all the details of the plan and its advantages to Technology.

In this first it is desirable to make a statement which will be repeated and argued about right along until everyone is convinced. Your branch is to be part of a real co-operative effort. The cost of any article to you will be the wholesale price procurable by a very large buying power, plus the cost of selling minimized to the utmost degree by scientific business management. Any charge over these two costs will be returned in dividends. But to make the scheme a success Technology must back it to the limit. This matter will be changed in each issue. Be sure to read it.

EDWIN T. COLE,
Major U. S. Army.
