FALL CANDIDATES FOR TENNIS WILL HAVE GOOD COACHES

A second call for men to play tennis has been issued by the manager J. Greenblatt '22. All classes are eligible to turn out as this is for fall practice only. A number of men are necessary to fill vacancies occurring in the varsity team and the usual freshman team will be put out. The practice will be continued until the cold weather begins and will be held under competent men such as Captain W. A. Cauldwell '22, J. W. Elliot '22, and W. McWain '22. Candidates may report in the M. I. T. A. office in Walker Memorial.

VICTORS OVER CRACK SCHOOL

SOPHOMORE FOOTBALL TEAM PLAYS 0-0 TIE WITH LOWELL

1923 Unable to Score on Fast In-
dustrial School Team

The Sophomore football team played a 0-0 tie with the fast eleven representing Lowell Textile School Saturday at Lowell. 1923 was unable to score against Lowell but outplayed the school team and kept the play in their opponent's territory most of the time.

The return to the squad of Brantingham, who has been out of the game for the last few days with a bad knee, strengthened the Soph outfit considerably.

Randolph, Richards, and Earle played well for the Institute eleven while J. Goostree and Lombard starred for the home aggregation.

The line-ups were as follows:

M. I. T.—Goetches, re; Beatty, rt; Lutz, rg; Taylor, c; Schultz lg; Herohm, lt; Bastien, lb; Duane, qb; Cronin, rbb; Richards, lbb; Metcalf, fb.

Lowell Textile—Sweet, re; Lombard, rt; Wilmot, rg; Schwartz, c; A. Goostree, lg; Feindel, lt; J. Goostree, lb; Marble, qb; Macher, rbb; Brigham, lbb; Walker, fb.

Substitutions: M. I. T.—Randolph for Goetches, McSweeney for Beatty, Earle for Herohm, Brantingham for Duane, Miller for Richards, Smith for Miller, Lowell—Galer for Feindel, Bird for Wilmot, Wilmot for Sweet, Wentworth for Walker, Referee, J. F. Thorpe, Umpire, J. Nelson, Head linesman, R. Moore. Time of periods, 15 min.

RIFLE TEAM HOLDS PRACTICE SHOOT AT WAKEFIELD RANGE

In taking the second trip of the season to Wakefield, Saturday, some twenty men had a good chance to do some practice work on the range. About thirty rounds of ammunition apiece, was fired, the shooting being arranged so that half the men were in the pits when the others were at the rifles.

The distance was three hundred yards, and as the trip was taken only to start in new candidates for the team, and give old ones practice, no actual scores have been recorded. No pistol shooting was attempted. Owing to the Cavalry meet and rifle matches Monday and Tuesday, the range was under rather strict supervision, and ammunition was being conserved as much as possible for this meet.

GYM TEAM SCHEDULED TO MEET HARVARD AND YALE

The Gym Team is getting into shape and practice is held on Mondays, Wednesdays and Fridays, from five to six. Only two men McKinsty and Bowers are missing from last year's squad so the prospects are good.

COLLEGE FOOTBALL RESULTS

M. I. T. '23, O. Lowell Textile 0
Harvard 31, Centre 14
Yale 24, West Virginia 0
Syracuse 10, Dartmouth 0
Princeton 14, Navy 0
Army 28, Tufts 0
Virginia Military Institute 27, Penn 7
Wesleyan 10, Columbia 0
Cornell 42, Colgate 6
Pittsburgh 10, Georgia Tech 3
Brown 14, Springfield 0
Williams 62, Trinity 0
Amherst 35, Union 0

Victory by a score of 8 to 2 in soccer against Worcester Academy at Worcester Saturday showed the results of a week's intensive work on the forward line. The Academy is reputed to have one of the fastest of the New England prep school teams.

The outcome was fairly decided in the first half, when J. Martino made two goals, and Ruiz made two more. Of the two goals scored against the Institute, one was an accident, as the ball was taken over by one of our own men. In the second half F. Martino scored twice, Macorra once, and Ruiz kicked another.

The good showing of Technology's team against so formidable an opponent is to be accounted for in several ways. The Institute men have had more experience this season, and good coaching; and the forward line has improved considerably since the Dartmouth game.

In the second half Trui substituted for Maccoll. Trui is a new man, light, but very fast, and seems to be good material.

Headline from BOSTON POST Friday, October 22—Can't Stand the Vacuum Test—Harvard Harriers Race Today.

Who said that dark events cast their shadows before them?

Ted Bossert, 100 yards champion of New England, has started coaching the track team of a neighboring girl's college. Such is the power of fame.

The Williams cross-country team will compete in the Intercollegiate run November 20th. This is the first time in several years that they have entered. The Purple has an exceptionally strong team this season.

The varsity and freshmen cross-country men who ran against Harvard on Friday were presented with complimentary tickets for the Centre College game by the Harvard management through the efforts of Captain O'Connell of the Harvard track team.

Now that Jack Ryder has announced he will no longer coach the B. A. A. teams, it is very likely the Unicorns will have to get along without a coach. They will certainly have to look a long time before they find a man who will cover the job for the small salary that Jack received. The improvement in his teams at Boston College will soon be noticeable. Formerly there were periods of several weeks that The College never saw their coach.

Princeton's request for a cross-country meet on November has been turned down. The annual Fall Handicap Interclass Track Meet is scheduled for that day and Coach Kanaly stated that he wouldn't change the arrangements at this late date. Furthermore The Tigers have owed us a meet at Princeton since before the war.

Captain F. G. Bemis of the Harvard cross-country team, will enter The Institute next fall for three years' course. Bemis was the first Harvard man to finish in last Saturday's Varsity run. He will be eligible here for one years competition.

Phil Stearns, leading pole vaulter on last year's freshman track team and exponent of the western float over the bar, is now covering goal on the 'Stute's Soccer team.

The new showers certainly increased the numbers out for track. Now if we could only have a new track house.

OFFICERS INSPECT R. O. T. C.

Technology's units of the R. O. T. C. and the Military Science department were officially inspected Friday, October 22, by Colonel F. J. Morrow of the General Staff in Washington; Colonel J. D. Telford of the R. O. T. C. branch of the First Corps Area, and Major R. C. F. Goetz, Professor of Military Science at Harvard University. The inspecting officers were highly pleased with the military work at the Institute, making special comment upon the rapid progress made by the freshmen.

This inspection is made in the fall of each year to enable the military authorities at Washington to observe the conditions under which the various stations of the R. O. T. C. are commencing the operations for the academic year.

CALL VARSITY CREW MEN RIGHT AFTER FIELD DAY

Calls for varsity crew will be made directly following Field Day. A few members of last year's varsity eight have been out on the river already. It was inadvertently stated in the last issue of THE TECH that these men comprised the present varsity crew. The management wishes it made clear that the official call for candidates will come after Field Day and that the varsity crew has not yet been picked.

For a Full Bag

NOTHING so steadies the field shooter as the knowledge that his shell loads are absolutely dependable and correct for the work in hand.

Our experience covering a period of 118 years has taught us that the loads listed below are correct and that any shooter will find perfect satisfaction in selecting his shells from this list. The loads are for 12-gauge guns. Keep this list handy—Order from it—your dealer has these loads in stock.
