

The Technology Chess Club beat the Lighted Lamp Club 3-2 matches on 2-12, in Walker last Friday. The Chess Club has won all of the four matches held so far this season. It gets 21 won their season. Professor Belcher claims. The Club has invited the Polish juvenile marvel who is playing so sensationally in this country to come to Technology. His reply has not yet been received.

own 30-yard line to within the shadow of their opponents' goal posts; Griff Griffith and Bob Wilson, the speedy ends who broke them all up. He will hear of the historic deeds of the tackles, of how Ben Thoren broke through, and got Don Carpenter for a five yard loss; and how Thomas, the star guard, tossed them right and left, mixing them up with the flatsman, and Jetsam thrown aside by Doc Murdoch when he went through. And as for Red Hooper at center—how he completely forgot the news story he was supposed to cover, and went through like a whirlwind.

reader's attention that when technique, thus handed the ball on their five yard line, attempted to kick, and Bob Wilson of THE TECH intercepted the ball and grounded it for a touchdown, ~~that~~ Brokaw again starred, and THE TECH went back on an offside penalty. There will be no mention made of the fact that THE TECH was penalized an aggregate of 60 yards, while snique got off unscathed.

He will not read of how, before the game began, Joe Patty appeared in a rainbow jersey calculated to destroy the eye-sight of the noble TECH warriors, and thus make them fumble the ball. Neither will he read of how Harry Rockefeller, also of the sniquet, wore his helmet hind-side before, to make his opponents believe he was going in the opposite direction.

In this story there will be no men-

its student body the opening day of drive, Boston University is saturated with Technology following close. Among the women's colleges competing are Wellesley, Simmons, Adelphi, Mr. Holyoke and Wheaton. Owing to the large number of Institute students who commute every day the solicitors are encountering a greater problem than is found in other colleges where the students live on campus. Those who have contributed to their local chapter cannot the credit given to Technology. The problem of re-establishing the 1000,000 orphans of the war stricken nations on a basis that will assure their future usefulness in Europe's economic welfare is considered by Dr. Weston Petard, chairman of the central committee of the Red Cross, overlooking all others faced by European countries today.
