*Christmas
Shopping*

Why not make your gifts distinctive this Christmas. Your friends and relatives will get many presents, but you are the only one that can give them a piece of Tech Jewelry. Cigarette Cases, Match Boxes, Rings, Brooches and Lavallieres, all have the Tech Seal in Tech Colors upon them.

And a box of Cigars to the man who signs and sends the checks will not be amiss. We offer no advice in regard to a big box of Page & Shaw's.

Buy at your store and get a dividend.

ELECT SOCCER CAPTAIN

G. Atahualpa Will be Leader for Season of 1921

G. Atahualpa '22 who comes from Brazil and is taking Course IX at Technology was elected soccer captain for 1921 at a team meeting last Saturday afternoon. Atahualpa has played soccer all his life and is regarded as one of the best intercollegiate fullbacks. The team picture was taken at Notman's after the election.

R. M. Homberg '23 and J. E. Hoffman '23 are possibilities for next year's soccer manager. The manager will be elected at the first A. A. meeting next term. The annual banquet will be held during the first or second week of January, the definite time and place to be announced later.

INTERCLASS SWIM MEET SOON

An interclass swimming meet which will be run off as soon as possible next term is being planned by the managers of the swimming team. Competitions for managers of the class teams will be held immediately at the start of the winter term.

Members of the swimming team are urged by the coaches to keep training throughout the vacation, as the first meet will take place on January 8.

The New England Intercollegiate will be under the direction of manager R. C. Geckler '22. Assisting Coach Holm and Captain S. M. Biddell '22 is P. D. Scheeline '20, who is now coaching the divers. He was manager of swimming when at the Institute.

GEORGE HOYT TO GIVE SQUAD TALK ON BASKETBALL RULES

Mr. George H. Hoyt, president of the New England Basketball Officials' Association, is to address Technology's squad on the subject of basketball rules, Thursday. He will interpret the various rules and tell just how they will be enforced.

The basketball schedule is still being enlarged. Tufts College is the latest addition, and negotiations are being made to play them February 16. The competition for freshman assistant managers will close Thursday.

Although regular track work will be suspended today, until January 3, the track will be open for exercise all through the exams and the holidays for any men who desire to use it.

From present indications Technology will be represented by strong varsity and freshmen indoor one mile relay teams this winter. In preliminary fast work held Saturday Ollie Barden '21 covered the quarter in 53 3-5 seconds which is not bad time for the board track this early in the season.

We note with interest the agitation to have the National Singles Tournament, premier lawn tennis event of the United States, held alternately in several of the larger cities and limit the entries to men who have ranked among the first 50 during the past five years or among the first 20 any year. This should prove a great step toward again raising the standard of the classic which has met with much criticism during the past few years.

Step into the Gym some afternoon when you are passing and watch the basketball practice, it will be worth the few minutes you spend.

Princeton, Yale and Harvard, we are informed, have taken up Polo. Twenty men are out for the sport at Princeton, all of whom are members of the field artillery battalion. This is another step in the broadening of post war intercollegiate sport.

Another sport which has been lost sight of recently and is again coming into prominence is the Scottish sport curling. Curlers from all parts of the United States and Canada will take part in a one-week series of games beginning January 26. This carnival will be to celebrate the hundredth anniversary of the Quebec Curling Club where the meet is to be held.

NEXT PRACTICE ON ICE

(Continued from Page 1)

let '22 at 12:30 o'clock Thursday at the A. A. office in Walker.

Team Doing Well

C. T. Grant '22 of last year's freshman team, has been leading the cage

with regularity. F. L. Cronin '23 and H. L. Hayden '23 have also been shooting well. Denton Massey '23 at goal has been keeping the puck out-

side very successfully. Dan MacNeil, one of last year's mainstays, has been greatly missed at practice.

MUST BE SOLD

AT A GREAT BARGAIN, suitable for a club or fraternity house, hospital or residence; furnished or not as desired; house 16 rooms, 2 baths, 3 lavatories, gas and electricity, hot-water heat, slate roof, garage for 4 cars, finished rooms above, heated; cor. lot, 19,900 feet; A1 condition. Tel. Weymouth 440.
