TECH NIGHT INDEFINITE

Owing to the fact that J. C. Willson has left the Institute, the plans for Tech Night are as yet indefinite since there are only two members left on the committee. The committee is to meet next week for the election of a new third member, and arrangements are then expected to be completed without further delay.

TWO INSTITUTE PROFESSORS ON UNEMPLOYMENT BOARD

(Continued from Page 1.)

lems. He was a pioneer in Massachusetts on the Workingman's Compensation bill and was a member of the State Board of Unemployment. Professor Dewey was born in Vermont. He is an A.B. and LL.D. of the University of Vermont, and a Ph.D. of Johns Hopkins.

Professor Carroll W. Doten, Professor of Political Economics at Technology, in addition to a highly technical knowledge of economic laws, brings to the Conference fifteen years of experience as social worker, expert in labor legislation and investigator of industrial problems. Professor Doten is also a native son from the Green Mountain state. He holds a Ph.D. and an A.M. from the University of Vermont and A.M. from Harvard.

Mr. Sanford E. Thompson graduated from Technology in '88 and is an expert in public works. During the War he was a major in the Corps of Engineers, U. S. A.

WALKER MEMORIAL NOW OPEN

The Walker Memorial is now open daily from 9 A. M. to 11 P. M. and on Sundays from 9 A. M. to 5.30 P. M. Freshmen are reminded of the words of Professor Leacock, of McGill University, "If I were to found a school, institute or university, I should first open a room or series of rooms where the student body could get together; then I would obtain books, and lastly, professors."

Use the Walker Memorial as your club; meet your fellow students, and, as the founders intended, work in, for and by the social activities of Technology.

TECHNIQUE 1923 OPENS THREE COMPETITIONS

(Continued from Page 1.)

are brought to the office as soon as possible.

The T. C. A. handbook is bigger and better than ever this year and there are 2000 of them, an increase of 1500. They are to be given out as follows: 600 to Fresh, 500 to transfers, 700 to upper classmen, 150 to the faculty, and 50 to advertisers. Most of the books have now been disposed of but there are still 300 left for the freshmen and transfers. Upper classmen's copies will be given out after Oct. 15th to those who have signed the waiting list in the office.

CONTINUE COURSE

Professor Edward Miller of the Mechanical Engineering Department announces that the Shipping Board School for engineers holding a federal license will continue at the Institute until the end of the year. After that some arrangement, which is under consideration now, will be made.

The course fits engineers to become ultimately turbine engineers which will be eventually necessary for all engineers operating turbine boats.

T. C. A. HELPS MANY THIS FALL

(Continued from Page 1.)

ployment at the T. C. A. has been on the job and succeeded in getting work for a number of men but with conditions as they are regarding unemployment there are still more applicants than positions. If there are any fellows who know of a job they don't want themselves they will help both Holt and some man in need of work by reporting the fact to Holt at the T. C. A.

E.I.C.N.A.

New York, Oct. 2. Coach Jim Rice, veteran rowing mentor of Columbia University, will lead the Blue and White crews for another season.

New Haven, Conn. Yale's hockey team has leased the Arena for a skating rink. It is now used for the assembling of balloons and other aircraft.

Middleton, Conn., Oct. 2. Registration at Wesleyan shows a decrease over last year. The present number of students is 519.

Ithaca, N. Y., Oct. 2. Fall rowing practice at Cornell brought out 257 men.

Ithaca, N. Y., Oct. 2. Registration at Cornell has decreased 339 as compared with last year. The total registration this year is 4,518.

FERRON WILL COME LATER

Albert Ferron, winner of the Grand Prix de Rome at the Beaux Arts, the famous art school of France, will not come to the Institute this fall. He will, however, be added to the instructing staff of the Institute about the first of January.

By direction of the Treasurer, instructors will deny admission to laboratories, drawing or field exercises, and recitations to students who do not hold receipts for registration.
 H. S. FORD, Bursar.

FRESHMEN

AND

SOPHOMORES

Do you want to get into
 a good live activity?

wants 120 men for its news, editorial, circulation, advertising and treasury departments.

Previous newspaper experience not necessary. We will train you.

A meeting will be held in the Faculty and Alumni Room, third floor, Walker Memorial, today at 5 o'clock, for all members of the staff and candidates for all departments. Be there sure.
