

A New Policy

CHARGE ACCOUNTS

Regulations for Opening an Account

- 1—Customer must be a member of Technology Branch and show his Bursar's card.
- 2—The monthly limit for each account is \$50.00 exclusive of charges for Suit, Overcoat or Typewriter.
- 3—To keep account open, payment must be made before the 10th of the month following.
- 4—No dividend is paid on a balance unpaid on the 25th of the month following.
- 5—The stockholders have the right to vote 2% greater dividend upon cash purchases than upon charge purchases.

DIVIDENDS

In recent years the dividend rate has been 10 per cent. on cash purchases and 8 per cent. on charge purchases. Your dividend checks for 1922-23 will be ready Monday, October 15. Bring your membership cards. A teller from our bank will be at the store from 10 A. M. to 3.30 P. M. to cash dividend checks.

CONCLUSION

Join your store and make all your purchases there. Your store has all the text books and all materials used in every course.

TECHNOLOGY BRANCH

THE STORY OF THE TECHNOLOGY BRANCH

WE ARE GIVING BELOW A REPRINT OF AN ARTICLE BY MAJOR EDWIN T. COLE, WHO WAS THE FIRST TECH DIRECTOR ON THE BOARD OF DIRECTORS OF HARVARD CO-OPERATIVE SOCIETY. THE ARTICLE SHOWS HOW THE TECH BRANCH WAS CALLED INTO EXISTENCE AND THE ARTICLE IS NOW AN INTERESTING HISTORICAL SKETCH.

IT MIGHT BE WELL TO MENTION HERE THAT TECHNOLOGY'S REPRESENTATION IN THE MANAGEMENT OF THE BUSINESS HAS BEEN GREATLY INCREASED IN THE PAST FIVE YEARS. PROFESSOR DAVIS R. DEWEY IS NOW A STOCKHOLDER. THE FOLLOWING MEN FROM TECHNOLOGY HAVE BEEN NOMINATED AS DIRECTORS FOR THE COMING YEAR: MR. WALTER HUMPHREYS, MR. H. S. FORD, JASPER WHITING AND DOUGLAS F. ELLIOTT FROM THE STUDENT BODY. MR. HUMPHREYS IS ALSO NOMINATED FOR THE OFFICE OF SECRETARY OF THE CORPORATION.

Here is Major Cole's letter as it appeared in THE TECH on April 3, 1916.

TECHNOLOGY BRANCH

HARVARD CO-OPERATIVE
SOCIETY

Last year the Institute Committee, having gone into the subject of the Technology Co-operative Society, particularly with a view to establishing co-operative service at the new Technology, asked the Alumni Council to appoint a committee to investigate the matter and to make recommendations. This action was taken and the Committee after a very thorough investigation, nation-wide in its scope, suggested that the Harvard Co-operative Society, one of the most successful in the country, be invited to establish a branch as close to the new Technology as possible. This recommendation having been approved by the Institute Committee and accepted by the Harvard Co-operative Society, arrangements are now in progress for carrying out the plan.

One of the suggestions have been that a member of the Technology Faculty be elected to membership in the Board of Directors to represent the Institute in carrying out the plan, the undersigned on nomination of the President was duly elected and has secured this space in THE TECH for telling you all the details of the plan and its advantages to Technology.

In this first it is desirable to make a statement which will be repeated and argued about right along until everyone is convinced. Your branch is to be part of a real co-operative effort. The cost of any article to you will be the wholesale price procurable by a very large buying power, plus the cost of selling minimized to the utmost degree by scientific business management. Any charge over these two costs will be returned in dividends. But to make the scheme a success Technology must back it to the limit. This matter will be changed in each issue. Be sure to read it.

EDWIN T. COLE,
Major, U. S. Army.

Notices and Announcements

OFFICIAL

ELECTRIC FURNACE 8.89

Those wishing to take this course are requested to leave their names and their free hours with Professor Thompson, during the first week.

OFFICE OF THE REGISTRAR.
September 27, 1923.

UNDERGRADUATE

TAU BETA PI

Members of the Tau Beta Pi will meet in north hall, Walker, at 5 o'clock Friday, for a short but important meeting.

MUSICAL CLUBS

New men interested in the work of the Musical Clubs are requested to attend a meeting in room 10-250 this afternoon at 5 o'clock.

CREW MANAGER

Competitors for crew manager should report at room 307 Walker Memorial at five o'clock any day this week.

GREEK STUDENTS

The Archimedes Club requests that all Greek students leave their names and addresses in Box 236 of the Main Lobby Post Office.

FROSH ADVISED TO FIGHT FIELD DAY

(Continued from Page 1)

The illustrious five classes are '05, '13, '15, '18, and '20. The Class of '12 behaved erratically, winning in its first Field Day only to lose in its Sophomore year.

New Coach Addresses Men

Coach T. J. Connor addressed the gathering on the subject of track. Dave Campbell called attention to the free banquet given to the Field Day athletes on Tech Night.

The Field Day contests will count as follows:

FOOTBALL 5 points
CREW 3 points
RELAY 3 points
TUG-OF-WAR 2 points

Jimmie Price, who will tutor the freshman football men, pointed out that the victor of the football game will win the day if the points from one other event can be attached.

The merits of the relay team were disclosed by J. Q. duPont '25. The relay team will require 12 men, each of whom will run 220 yards. Previous experience is not at all necessary, in this as in any Field Day activity. An especial advantage of the relay team is that it offers a man activity which will not end on November 2, since it is an easy step from the relay team to regular track work, for which it is excellent training.

Can Place Green Men

Crew offers places for two groups of men, according to Dave Campbell, those weighing over 145, and those weighing under 100. The latter will serve as familiar with the work, since the course is straight and offers little difficulty even for a hurriedly trained man.

Tug-of-war will keep 29 men busy. Grit, more than weight, is essential. Twenty-five men will pull, and two men will act as counters and two as managers.

Although tug-of-war means only two

TRACK MANAGER COMPETITION

Freshmen candidates for assistant managers of track and cross country meet in 307 Walker, Thursday and Friday. The Competition will last until Christmas when three varsity second assistants and a manager of freshman track will be chosen.

TRACK AND FIELD EVENT MEN

Track and field event men report to Dr. Connors immediately. Dr. Connors will be at the track house every day from 2 to 6. Men are especially needed for the shot put.

CROSS-COUNTRY

All candidates for both Varsity and freshman cross-country teams should report at once at the track house for practice. The track house will be open every afternoon after 2 o'clock.

S2CL26 CLUB

The first annual reunion of the S2CL26 Club will be held on Tuesday, October 9. Elections of officers of the coming term will be held. All present members are urged to attend. The meeting place is the "Four Tynes" as usual.

WALKER MEMORIAL COMMITTEE COMPETITION

There will be a competition for Junior member of the Committee, starting Monday, October 8. Report from 12 to 2 o'clock, room 29, Walker.

points, it is very often the deciding factor.

Mr. Warren, the new freshmen track coach, spoke briefly, concluding the meeting.

STARS OUT FOR SOPH FOOTBALL

(Continued from Page 1)

my spirits by saying several prep school stars were on hand for the opposing team, but I had the goods on him, for we have stars enough for two teams. In fact, we may lend the frosh a few just so the game will be interesting.

"Bianchi, quarterback, captain, and war horse extra-ordinary will be on tap, and I have seen both Callahan and Harrison since I returned. The others are coming to the surface and by the time calls for candidates are issued most of the old team will be ready to listen to the murmur of signals.

"Yes, you'll have to hand it to '26. Our numerals are going to be engraved into that cup, and the frosh will have to get their fun out of Tech Night-if they can."

H. A. SPRINGER '25 DIES VISITING IN COLORADO

Word of the death of H. A. Springer '25, came as a great shock to his parents, and to his friends at the Institute. Shortly after the end of the last term, he went to Meeker, Colorado, there to spend his summer on a ranch as the guest of a friend. During this time he contracted spinal meningitis which finally resulted in his death.

Springer was a Coures II man, and a member of the Mechanical Engineering Society. After graduating from the English High School he planned to complete his education at Annapolis, but later decided to come to the Institute. His home is at 47 School Street, Roxbury.
